Ruthann House, HC board member, commented in appreciation of being a part of the HC board stating it’s wonderful to see how the two are in line with the needs of the community.

Board of Health questions, comments and director updates:

a. Health Commissioner: A discussion was held regarding the amount of long-term care COVID19 cases there are in comparing to the bottom line number. Amy Jones informed the board we have been giving out most of our test kits to long term care centers, Ben added many are showing positive that are asymptomatic. This raises a concern with the reopen Ohio starting as well as larger congregating events and stressed the importance to be vigilant with following recommended guidelines of wearing masks and social distancing. Bob Midden commended the health department for educating the public and spoke how to balance the tools available to bring more awareness to the public about the importance of public health, the risks, optimizing balance and good decisions made encompassing all the education possible around COVID-19. A lengthy discussion was held about public safety, guidelines, anti-body testing, stores and restaurants mask usage, community events and getting the importance of the recommended safety guidelines while trying to bring back the economic stress this has brought. DJ Mears recommended to add to our messaging about keeping diaries and changing of lifestyles. Bob added it is important to restore the economy but stresses the importance of suppressing the spread by mask wearing and social distancing as well as increase testing.

Betty Woods made a motion to adjourn at 7:51pm. Carolyn Rava seconded the motion. A voice vote was taken. Meeting adjourned.
